## LAD MISSING

Seven-year-old Charles Burkett of Erie, the lad who several weeks ago led police on a wild-goose chase with a concocted story that his brother had drowned, is missing from his home. Charles, according to his father, Howard Burkett, same address, left home about 9:30 a. m. Wednesday. The youngster several times in the past has been listed as missing.

## ARSON SUSPECTED

State Police at Meadville today are probing what was apparently an attempt to set fire to the elementary school building at New Richmond. Evidence of the arson attempt was found by Constable George Holcomb who reported finding of torn newspapers and bits of wood on top of a coal pile in the building. Previously reports that the school would not be opened had been heard.

## MISHAP AT CORRY

Corry Journal: A second mishap occurred in the city Monday evening when Roy Allenson, R. D. 4, Sugar Grove, operating a motorcycle on South Center street, was unable to stop at the South street intersection light and rammed between a stationary motorcycle and a car owned by Edward Royek of R. D. 1. Allenson told police he was unable to stop on the wet pavement. Damage was confined to one fender on the Royek car and was estimated at \$10.

## FREEDOM TRAIN

The Freedom train, which is touring the country this month, will be in Oil City on Sunday, Sept. 19, and to create interest in the visit, citizens of that city are conducting special events during the preceding week. One of the chief events will be a monster patriotic parade to pass through the downtown district at 7:30 p. m. on Monday, Sept. 13. Various organizations from the cities and boroughs throughout the Oil City area have been invited to send units for the parade.

## BOMBARD SCHOOL

Nine boys who didn't want the South Side school at Titusville to open today bombarded the building last night. Their ammunition—apples. They pelted one side of the school with nearly a bushel of them until caught by Officer Tom Buser, patrolling in the police car at 7:30. The apples by then were almost crushed into cider, the boys were weary of throwing and the

## PENNSYLVANIA WEEK PARADE

Along with information received from Harrisburg that Gov. James H. Duff officially started the ball rolling today for the observance of Pennsylvania Week, September 26-October 2, comes the announcement that plans were launched last evening for a big parade in Warren on the afternoon or early evening of September 25th to commemorate the event.

Acting quickly on a communication from the Department Commander urging all Posts in the state to take the initiative in making plans for a Pennsylvania Week parade a committee from Dinsmoor-Schwung Post met last evening with several interested citizens to discuss plans for such a project in Warren two weeks from next Saturday. Tentative plans call for a parade made up of floats, decorated or industrial, marching delegations and five or six band units to head the various divisions.

At another meeting to be held Thursday evening in the VFW Post rooms it is hoped that representatives of the Chamber of Commerce, Junior Chamber and other interested organizations will be present when full details may be worked out and the hour for the parade decided upon.

This will be welcome news to citizens of the borough and surrounding area since it is over ten years since the community has had an organized celebration or parade of any nature.

In his proclamation Governor Duff calls upon Pennsylvanians to mark Pennsylvania Week with special events "to acquaint themselves more fully with the resources, development, history and potentialities of their home state and their home community."

"This celebration of Pennsylvania Week, however, is not a mere rejoicing in glories past and present. Pennsylvanians must look to the future too, ever searching for new endeavors which will mean continued growth and prosperity for the local community and for the state," he says.

The State Commerce Department, together with a host of outside agencies, is playing a leading part in arranging both statewide and local celebrations.

The 1948 observance will be the third—and biggest—since the event was started in 1946 under the administration of former Governor Edward Martin.

## LIBRARY PLANS FOR PENN'A WEEK

The Warren Public Library will join Pennsylvania libraries in celebrating Pennsylvania Week, September 26th.

Through the generosity of a friend of the library, a list of local, county and state historical material to be found in your library, will be printed for distribution to library patrons and to students.

The Warren Library is rich in its material on local and county history—documents, photographs and maps, tell a graphic story of the place that Warren and Warren county have had in the history of our state. The Hunter Memorial Library, sponsored by the state organization of the Daughters of the American Colonists and the Miller Petroleum Collection are outstanding sources of county histories and the development of the oil industry in Pennsylvania.

The Library is planning a series of exhibits relating to Warren's place in the history of our state.

This is the season of year when farmers and others exhibit specimens of what they have been able to produce. In this area the Youngsville Community Fair opened today and will continue through Saturday with the usual fine program that may be commended to all. Plans made for the Youngsville Fair give assurance of success.

Sports Boosters officials and members must feel quite proud over the nice things that are being said about the new War Memorial Field, since it was initiated into service with games Saturday and Monday.

In driving classes for traffic violators, all students flunk until they learn how to pass.

A Georgia man was given ten days for stealing a slice of ham. The unkindest cut of all.

We have taught monkeys so successfully they don't even show their resentment when people gawk at them.

It's a funny world—the person who is simply killing is often the life of the party.

A lot of married men likely remember when they used to envy married men.

## H-E-R-E A-N-D T-H-E-R-E

The public schools of Warren opened earlier forty years ago than they do now. We note in the file of August 31, 1908: Schools opened today after a three-month vacation period and hundreds of pupils responded this morning, apparently anxious to take up their duties. At the high school there were short exercises at nine o'clock. Dr. C. J. Frantz, president of the board, spoke briefly and was followed by O. W. Ensworth, secretary, who introduced to the pupils the new superintendent, George P. Chatterton. Prof. Brane, principal of the high school, and Prof. Dubois, of the science department, all of whom are new instructors. Remarks were made by Miss Petheram, preceptress of the high school, Miss Wilkins, who is at the head of the English department, and Miss Sylvia Ball, who is also a member of the faculty at the high school. The school year starts under the most auspicious conditions and it is very certain it will prove a most successful one. Again there is need of additional room and it is possible that extensions will have to be made on the East Side to take care of the new pupils.

This And That: Corry patrons of barbershop harmony will be given an opportunity to hear some of the best singers in the section and at the same time aid a worthy cause October 2, when the Barber-shop Society there will present a concert in the auditorium of the Senior High school, all proceeds to be turned over to the Ladies' Auxiliary of the Corry Hospital. Sale of season tickets for reserved seats at Miller Sibley Field, Franklin for the games to be played by the Franklin High school football team began Friday, the price for the tickets, for five games, being \$5. Mr. and Mrs. Graydon Smart, formerly of Kane, where the former was employed on the Republican, now residing in Shreveport, La., recently drove the new highway through Mexico, following the route to Mexico City

and then flying to Acapulco on the west coast. The 75th anniversary of the founding of the Franklin band, one of the oldest in the United States, will be observed Saturday with a diamond jubilee all-request concert program in the Franklin city park—in 1873 the Silver Corner band became known as the Franklin band and was incorporated. Historic Pleasantville Free Methodist church, which is in the point of construction, is 100 years old this year, and the congregation is planning a suitable celebration this summer. War veterans still have an opportunity to reinstate their lapsed GI insurance term policy without taking a physical examination, the deadline was set for last month for automatic reinstatement but vets can sign what is called a comparative health statement and still get by.

Mrs. Mary Gillette Brown, of Corry, had as her guests last Wednesday at the Corry Country Club three of the best women golfers in the section—Mrs. Helen Barry, president's cup champion at Waukegan, Mrs. Cecile Hanson, Moonbrook Club champion, Jamestown, and Mrs. Marie Hamilton, club champion of Warren; Mrs. Barry and Mrs. Hanson posted 95s, while Mrs. Hamilton fired a 98, and Mary turned in a brilliant 88. Oil City High School football candidates, tanned and well conditioned after a week of strenuous workouts at Camp Coffman, broke camp shortly after noon Saturday, and will complete training on the home field in preparation for the opener there Friday with Titusville. Jamestown groups are struggling to enlist the aid of the state in clearing weeds from Chautauqua Lake, which, many believe, will ruin the lake completely if not eliminated soon. Smethport is completing plans for a civic celebration the night of September 11 when the new Main street will be dedicated and opened. Charles Coe, the golfer who eliminated Bradford's Larry Dana, qualified for the semi-finals of the National Amateur tournament. Bill Hill-

man, new player-coach of the Red Jackets, it will be remembered, was a sprint star for Kane High track teams during his scholastic days. Golf pros of the area will try for "the sectional double" September 10 at Chautauqua in the area open tournament. The City of Franklin has contracted for \$41,500 worth of fire-fighting equipment, representing the cost of two new fire trucks, an aerial ladder truck costing \$27,500 and a 1,000-gallon triple combination pumper truck at a cost of \$14,000. That Pepsi-Cola sky writer sure staged an unscheduled and thrilling entertainment for Saturday morning shoppers in Warren. Eddie Highhouse reports ninety cases of soft drinks were sold at the War Memorial Field Sunday, in addition to peanuts, candy bars, etc. Since he's the pros, go to the Fund, that counts up to a neat addition to War Memorial.

The Pennsylvania Region will be composed of four to six districts and Ralph M. Caverly of the Bradford Y's Men's Club is the District Governor for Western Pennsylvania.

## Corydon Has Program At Food Locker

Corydon, Sept. 6—One of the most interesting and successful demonstrations in the field of food ever held in this community was conducted Friday evening at the Corydon Food Locker and Health Food Shop under sponsorship of the proprietor, Carl F. Laubach and the Pennsylvania Electric Company, of Warren.

Mr. Laubach opened the meeting and introduced the master of ceremonies George Salsgiver, district representative of the Penelec Company from Oil City, who greeted the capacity audience in most complimentary manner and congratulated them upon the available convenience of a locker system.

Following the showing of a moving picture entitled "Surprise for Janie" by the Kelvinator Company, that appropriately lent to the scene, Miss Marjorie Geer was introduced and very entertainingly drew comparison between old fashioned canning method of yesterday and the advantages of the new, modern method of today, brought about by electric refrigeration. Putting the theme of her talk into practice, Miss Geer very ably demonstrated the art of pre-

## A. & P. Adopts Retirement Plan

In a letter to more than 110,000 employees of the Great Atlantic & Pacific Tea Co., John A. Hartford, president, has announced that the company has adopted a retirement plan.

Entire cost of the retirement plan will be borne by the company and no employee will be required to contribute. Some details of the program, tentatively scheduled to become effective Oct. 1 still remain to be worked out, but all full-time employees who have completed five years of service automatically become members. Those with shorter periods of service become members as soon as they

have completed five years with the company.

The retirement plan is in line with the company's policy of sharing with its employees and customers saving brought about by efficiencies in the field of good distribution. It was the first in that field to adopt a five-day work week for food store employees, insurance and other benefits.

In the letter to employees Mr. Hartford said:

"In adopting this plan the company is giving recognition to the loyal service of its employees who have aided in the progress and success of the company... I am confident that, with your continued loyalty and cooperation, we can look forward to such successful operation in the future."

### Church Ceremony On Saturday For Nancy Lee Maneval - Robert L. Daye

Nancy Lee Maneval, daughter of Dr. and Mrs. R. C. Maneval, North Warren, chose an all-white theme for her wedding Saturday, September 4, in St. Joseph's church, when Father Edward Jacobs performed the 11 o'clock ceremony which made her the bride of Robert L. Daye, son of Mrs. Alice M. Daye, of Irvine.

Decorations were carried out with baskets of white gladioli and white candles graduating in size at either side of the altar, and white satin bows distinguishing the family pews.

Kathleen Edinger was at the organ for a recital of nuptial music as guests assembled; and also as accompanist for the nuptial mass sung by the children's choir, and for Miss Teresa Marie Fino, who sang Gounod's "Ave Maria".

The bride's gown of white marquisette over taffeta was fashioned with full skirt trimmed with bows of Chantilly lace. The same trimming was repeated in outlining the bodice, as a large bow-knot on her three-yard train, and in her veil, which fell shoulder length from a fitted cap secured by pearl clips. Long sleeves came to points over the wrists and were fastened with tiny buttons, and the high-round neckline of her gown was complemented with a single strand of pearls, gift of the bridegroom. Her handkerchief of white lace was one carried by her paternal grandmother and two great-aunts at their weddings, and an old fashioned louch was given by the white satin lover's knot, which fell from her white rose bouquet.

The bride was given in marriage by her father and attended by Nancy Wickstrom, of North Warren, as maid of honor; Mrs. G. E. Swanson, North Warren, as bridesmatron, with Eleanor Peters, of Irvine, and Ann Harrington, of Warren, both cousins of the bridegroom, as bridesmaids. Jack Harrington was best man for his cousin, and ushers were Wayne Campbell, Robert L. Johnson and Palmer L. Davis, Jr.

Gowns of the attendants were of white faille taffeta, with high round yoke of marquisette in the fitted bodice, and full skirt. Mitts were of matching taffeta and each had a pearl necklace, gift of the bride, to complete her costume. Miss Wickstrom's white picture hat had long red streamers to match her bouquet of red roses, while the others had picture hats with white streamers and carried white roses.

The bride's mother wore gray satin, with matching accessories and white rose corsage; the bridegroom's mother, wine crepe with black accessories and white roses. Immediately following the ceremony, 150 guests were entertained at a reception held in the North Warren community house.

The bride's table was decorated with a centerpiece of mixed glads, flanked by silver candelabra holding white candles. The luncheon was served to guests at individual tables and the bride cut the five-tiered cake, which was topped with bridal figures in miniature.

Guests included the bride's maternal grandparents, Mr. and Mrs. W. A. Longshore, Kane, and her paternal grandfather, F. L. Maneval, of Erie; also Mrs. Wilda Alexander, Miss Edna and Miss Julia Longshore, Mr. and Mrs. J. V. Longshore, Mr. and Mrs. C. McDade, Miss Jane McDade, Kane; Mr. and Mrs. Alex Cresswell, Mr. and Mrs. Stephen Cresswell, Lock Haven; Dr. and Mrs. A. J. ### HISTORIC MEDICAL HIGHLIGHTS—No. 49

### DR. FLEMING'S PENICILLIN

It was in 1928 that Dr. Alexander Fleming discovered the wonderful potency of penicillin in his University of London laboratory. In studying staphylococci (causes boils and abscesses) cultures he'd grown, he found that a blue-green mold had spoiled them. Investigating, he found part of his cultures were free of staphylococci . . . the areas around the spots of mold. Further study disclosed that penicillin instead of killing germs, prevented their multiplying . . . making it possible for the body to combat various diseases and infections.

It was in (1945) that we first were able to supply penicillin in prescriptions, and stock it in manufactured products. Today, it is an accepted part of our service to physicians and the public. . . .

Are you between the ages of 35 and 45 and going through the trying functional "middle-age" period peculiar to women? Does this make you suffer from Hot flashes, feel nervous, irritable, and feel like a "hot" woman?

Pinkham's Compound contains no opiates—no habit-forming drugs. It

## Mail Blanks to Draftees in the County

What Warren county's quota will be is not yet known, but the state of Pennsylvania will furnish approximately 650 men in the first list for the month of November.

The quota of each board will be determined on the basis of the number of registrations in the board areas, the largest boards send the most men.

## A MAN IN THE HOUSE

By Florence Stuart

Chapter 30

JANE woke the next morning to snow still falling from a gray sky, to an earth blanketed still and deep in white, and to find herself burning up with fever. It was a moment before she opened her eyes to the bed next to hers, and to the realization that Carl could not be sleeping in it again. She sent him away. She thought he was acting the fool, and then sent him away.

The tears came, spilling hotly down her cheeks.

It was Christmas morning, but she did not remember that at first when she did it did not seem to matter. The telephone rang and her heart jumped. Maybe it was Carl calling. But it was only Aunt Mae who said, in her brisk voice: "Merry Christmas, Jane. I don't know what's all this nonsense about you and Carl? He phoned me about an hour ago. Talked me nonsense about you and him separating. Said he was taking an afternoon train for some place out West where he's been offered another job. It seems he's been offered Dr. Ross' place, definitely, at he's turning it down. He wanted me to tell you he'd write you later what to do with his pockets and papers. The man phoned absolutely demented. Well, Jane, why don't you say something?"

"I can't," Jane gasped. "Aunt Mae, I think you'd better come right over, if you can get here through the snow. I think I'm going to be ill. I feel so—so dizzy."

"Fretting doctor," said cheerfully. Well, nothing to worry about. They made short order of pneumonia these days, with all these new drugs. Four, five days, and the worst of it should be over. Meanwhile, however, no visitors. No emotional excitement. No one would be allowed in her night nurse, if they could get a night nurse. Which they couldn't.

Well, the doctor was right. The worst was over in four or five days. But after that, instead of picking up strength rapidly as she should have, Jane remained listless, indifferent to everything that was going on around her. She didn't feel like getting out of bed, she said. And she wouldn't even try.

**AUNT MAE** sat down beside Jane's bed. "You're burning your heart out over that husband of yours, aren't you? That's why you don't get better. Why did you send him away from you to start with? Didn't you have sense enough to know—"

Jane said: "Look, Aunt Mae, I don't feel strong enough to be lectured."

"Well, you're going to get a lecture, whether you feel strong enough or not. You love that fellow, and he loves you. It's never too late to do the sensible thing. I should have said that to you. You should have had more sense than to pay any attention to my talk. You know perfectly well I'm just a gossip old woman. Old maids get that way. They go about attending to other people's affairs because they haven't any affairs of their own. He loves you, plenty."

"How can you say that?" Jane asked dully. "He could have made some effort to see me, talk things over. He could have stayed around long enough to have said that I was going to be critically ill."

"He didn't go away on a train," Aunt Mae said shortly. "And he knew you were ill. Oh, yes, he knows about that."

"That makes it all the worse," Jane said bleakly. "He knows,

Totals in 1947 were the last to reach this number, although figures prior to that year were somewhat in excess of the 1948 statistics.

High school figures jumped from 798 to 833, as compared with 844 in 1946, and at Beatty Junior High School the increase was from 672 to 725, compared with 751 in 1944.

This increase of 35 at the high school includes ninth, tenth, eleventh and twelfth grades coming in from Russell for the first time; and at Beatty, 53 pupils include seventh and eighth grades from both Clarendon borough and Watson township.

Totals for other buildings included in the school district, prefaced by last year's figures, are: East, 226 to 230; Home, 107 to 119; Johnson, 264 to 271; Lacy, 192 to 194; McClintock, 121 to 118; Seneca, 49 to 57; South, 226 to 220.

## Suspect In State College Slaying

Harrisburg, Sept. 8.—(AP)—Capt. Harry E. McElroy, of the Pennsylvania State Police, said today a Philadelphia engineer is being questioned at Mt. Holly, N. J., in the unsolved Rachel Taylor murder case.

He said Robert A. Clyde, charged with an attempted rape, attended the Pennsylvania State College as a student in 1940—the year the 17-year-old girl's mutilated body was found six miles from the campus.

Miss Taylor, a freshman home economist student, was slain on March 28, 1940 a few hours after returning from an Easter vacation at her home in Wildwood, N. J.

Her body was found in the driveway of Lemont school. Three miles beyond there, police found her blood-stained luggage, books and clothing at Shiloh church.

Mt. Holly, N. J., Sept. 8.—(AP)—Two 13-year-old girls from Tyrone, Pa., picked Robert A. Clyde, Philadelphia engineer, as their attacker at a police lineup yesterday, Chief Clifford D. Cain of Burlington county detectives said today.

They pointed to Clyde as he appeared with three other men, and said he attacked them in Blair County, Pa., during this year and one last year. Cain disclosed no details.

## Two Hurt In Fire At Service Station

Two men working in the lubricating pit of Gene's Center Service Pennsylvania avenue, west, and Market street, were painfully burned at 11:30 today when a flash fire ignited the station.

Admitted to the Warren General Hospital for treatment of severe burns about the face and right arm was Tony Mazzara, of 206 Lexington avenue. His fellow worker, Bob Valone, of West Third avenue, suffered burns about the arm. He received emergency treatment at the hospital and was sent home.

Firemen said the blaze apparently started when gasoline in a pan exploded, apparently from a spark, and set fire to the lubricating pit.

Firemen made a quick run to the station, despite heavy traffic on Pennsylvania avenue, and brought the flames under control before they could spread to the main part of the building.

Damage to the lubricating rack, equipment at the station, was estimated at \$500.

to take over Berlin and impose their own rule.

To escape arrest by their Soviet-controlled rivals, the 19 western police took refuge in the western Allied liaison offices.

The French commandant, Brig. Gen. Jean Gaul, negotiated a safe conduct for them with his Russian counterpart, Maj. Gen. Alexander Kotikov.

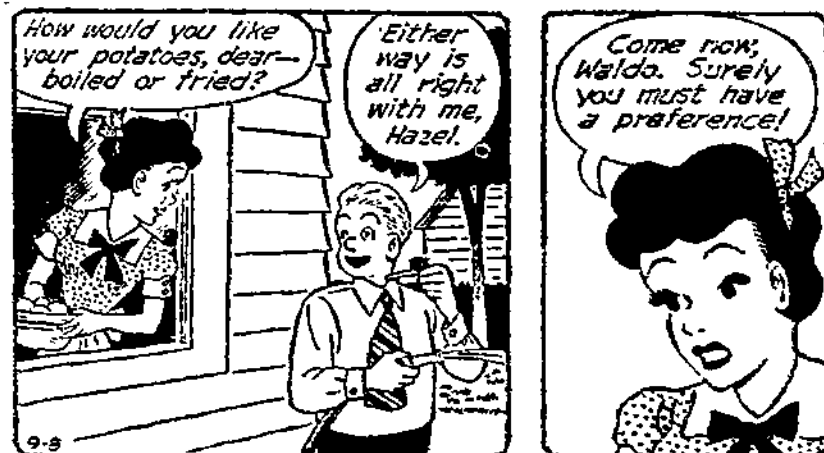

Soon afterward, the French convoy, including two canvas covered trucks, started to pull away from city hall. In the party, beside the police, were 11 American, British and French liaison officers and correspondents.

A few hundred yards from the building, they were flagged down by two jeeps of Russian troops. About 20 Soviet-sector police then sprang from behind a building.

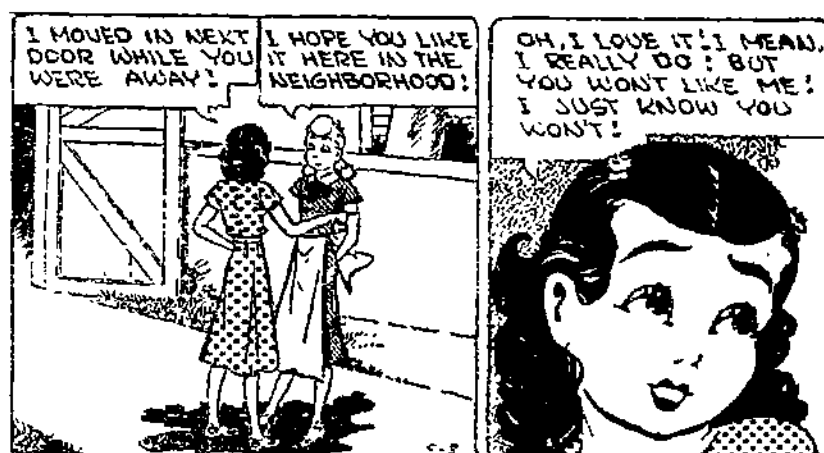

Four more jeeps of Russian troops roared up from behind together with a truck carrying 65 more Soviet sector police.

The convoy was surrounded. The seizure had all the aspects of a carefully planned trap.

ized to enter into a contract with the Telephone Company for installation and maintenance of a two-way radio unit in the fire department's emergency truck. This radio will tie in with the system now in use by the police department, and is expected to be of valuable service in coordinating police and firemen activities in emergencies. The installation will cost \$50, and service and repairs will run \$20 monthly. The fire committee also was given permission to buy new fire hose, line cost not to exceed \$500.

The Pennsylvania Department of Highways informed council that an application for a pedestrian signal in Pennsylvania avenue, west, at the Struthers-Wells plant had been received. The request for the light was initiated by the company for the protection of its employees crossing the thoroughfare between plant buildings and to reach bus stops. The highway officials said that a survey made here July 20 showed traffic volume of 985 vehicles and 74 pedestrians per hour on Pennsylvania avenue at the plant. They added that the pedestrian traffic count was far below the minimum set by law for a traffic signal, so that the application for the light had to be denied.

John O. Hanna said in a letter that he now owns all the mill race area east of the Liberty street bridge and plans considerable improvements. In connection with these improvements, he asked council for an access from the area to the middle of the Liberty street bridge spanning the mill race, which would mean cutting both the railing and the curb. The matter was referred to the police and flood committees, the flood committee to determine whether Hanna could legally dig in the mill race.

Property owners Glade avenue petitioned council to do something about the "potholes" that have developed as the result of gravel trucks using the street. The petition was turned over to the street committee.

## Little Hope of Relieving Flood Areas

(From Page One)

After considerable discussion Borough Engineer C. W. Barvis was instructed to draw up plans for raising the level of Grosvenor Park with an earth fill to extend the entire distance between the two railroad bridges.

The solons explained this would at least get the borough started on something definite in the way of flood control, and that it would benefit the community through the added protection to the Warren General Hospital. Measures to protect the west side and Times Square will then be considered later.

Start of last night's meeting was delayed while the solons made an on-the-spot investigation of the flood control work on Glad Run on the east side. The State Department of Forests and Waters has completed much of the work of widening the stream channel to permit faster run-off during periods of high water, but the bottleneck exists just above its confluence with the Allegheny due to the proximity of several houses to the original stream bank.

Engineer Barvis explained the borough had two alternatives to eliminate the bottleneck. The first would be to erect 525 feet of eight-foot-high concrete walls on both sides of the stream to provide a 28-foot wide channel, or to erect a wall on the west side of the bank, and make a sloping bank and dike on the east side of the stream.

Cost of the wall was estimated by Barvis at between \$20,000 and \$21,000. The second plan would entail moving the Pesko home back from the stream bank.

The solons felt that the cost of building walls on both sides of the stream would be prohibitive, and agreed to a portion of the second plan, that of sloping the east bank and capping it with a dike. The flood committee, the engineer and Solicitor S. D. Blackman were instructed to take immediate steps to draw up plans and obtain releases from the property owners for this work.

Once this work is done, the solons will then consider whether a wall will still be needed along the west bank.

## Market Quotations

New York, Sept. 8.—(AP)—Generally lower prices were posted on the stock exchange today in quiet trading. After an initial burst of activity, business slowed to a walk, a pattern that the market has followed persistently for days. An overnight accumulation of selling orders came on the market in several large blocks. Such recent leaders as U. S. Steel, Bethlehem, General Motors and Chrysler were lower from the start, and other portions of the list followed.

This last item of protection came as an outgrowth of the recent theft of 23 new typewriters from the Sheffield High School.

Approval was given requests of John G. Also continued by the board was the custom of allowing one day of unexcused absence for those pupils having hunting permits and bringing in parental requests for such dismissal.

The High School Dragon Band was given permission to appear in dedicatory exercises for the new Pencele generating station at Starbuck on Thursday, September 30.

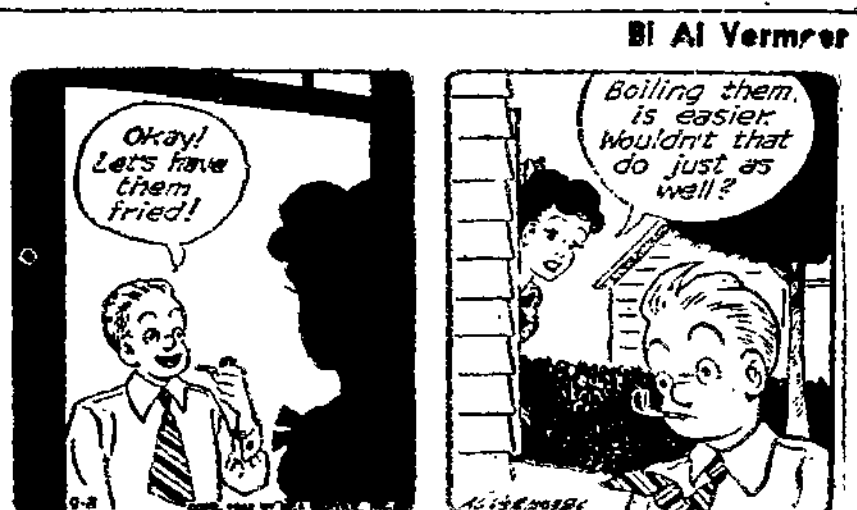

Permission was given Edinboro State Teachers College to continue using high school classrooms for extension courses; the Community Ed. Council to use Beatty building for recreational activities on the first and third Saturdays of each month; Girl and Boy Scouts, YM and YW for use of classrooms from 3:30 to 4:30 p. m. at the hourly rate of \$1.

A final item of the agenda was approval of bills for July amounting to \$9,324.43 and for August in the sum of \$12,270.69.

## Triple Play Sparks Pirate Win Over Floundering Cards

By RALPH RODEN  
Associated Press Sports Writer

Pennant fever is spreading throughout Pittsburgh today for the first time since 1938.

Not since the Pirates blew the pennant to the Chicago Cubs ten years ago in the last week of the season has a Pirate entry been a strong contender for the flag at this stage of the race.

The flag hungry Pirates are in second place today, four games behind the league-leading Boston Braves.

Manager Billy Meyer's hustling crew wrested the runner-up slot from the Brooklyn Dodgers last night, beating the floundering St. Louis Cardinals, 6-2. The Dodgers, who were idle, trail the Pirates by .0007 of a percentage point.

The venerable Fritz Ostermueller, one time property of both Brooklyn and St. Louis, stopped the Cardinals on seven hits last night as the Pirates made it three in a row over the Cardinals.

Ostermueller held the Cards scoreless until the ninth when Don Lang followed a single by Stan

Musial with his fourth home run of the season.

Musial, in the midst of his worst batting slump of the season, lived into a triple play in the first inning. Al Schoendienst walked and Marty Marion singled to start the game. Musial who failed to hit in eight trips against the Pirates on Labor Day, then laced to Shortstop Stan Rojek. Rojek stepped on second to double Schoendienst and fired to Johnny Hopp at first in time to triple Marion. The triple play killing was the second of the season for the Pirates.

The loss out the Cards' fourth place margin over the New York Giants to a half game. The Giants took both ends of a doubleheader from the Phils in Philadelphia, 6-1 and 2-6, the latter in 11 innings.

The setbacks dumped the Phils from sixth to last place. The idle Chicago Cubs took over sixth and the Cincinnati Reds moved from eighth to seventh, two points ahead of the Phils.

No games were played by the American League which resumes activity today.

## Clippers And Blue Wings Washed Out

By The Associated Press

The Bradford Blue Wings and Batavia Clippers meet again tonight to decide which club will oppose the pennant winning Lockport Reds in a PONY League preliminary playoff series.

The two outfits, which tied in fourth place Monday at the end of the regular season, played two scoreless and errorless innings last night before rain forced postponement.

Meanwhile, the runner-up Jamestown Falcons and the Hamilton Cardinals, who finished a half game behind the Falcons in third spot, meet at Jamestown tonight in the first game of their best-of-seven series.

The winner of the Bradford-Batavia game will meet the Reds tomorrow night at Lockport in the other preliminary series. Preliminary play-off winners will play a best-of-seven schedule for the governor's cup.

In another PONY League development yesterday, Olean Oilers President Spencer F. Harris said the National League Brooklyn Dodgers are dropping the Oilers from the Brooklyn farm system.

Harris said the Dodgers would transfer the Olean franchise to any Olean purchaser acceptable to the PONY League directorate. If none was found in a reasonable time, the franchise would be turned back to the PONY League for disposition, he added. The Oilers finished the season in seventh place.

## SHORTSTOP MADE A FREE AGENT SIGNS

Chicago, Sept. 8.—(P)—The Chicago Cubs announced last night the signing of Danny Lynch, Jr., 21-year-old shortstop, who was made a free agent by Baseball Commissioner Happy Chandler last week.

Chandler freed Lynch from his Pittsburgh contract when investigations revealed the Pirates paid his father, M. Dan Lynch, Jr., \$3000 as half a year's advance salary on a one year's contract as a scout.

Chandler ruled this violated the bonus clause and fined the Pirates \$2000 and Raymond Kennedy, head of the Pittsburgh scouting system, \$500.

## Safe Driving School Here Is Discussed At Conference

Ralph E. Thomas, of Brookville, who is traffic education representative for the Atlantic Refining Company, met with local school and traffic officials Friday for a conference on the driver education program that will be offered members of the junior class in Warren High School this fall.

Meeting at the high school building with Mr. Thomas were Sgt. James R. Vaughn, of the Pennsylvania State Police, Chief George Hashn, of the borough police department, H. B. Bowers, representing the Warren County Motor Club; Frank Abbott, of the B and E Chevrolet firm, which will furnish the specially equipped car for the instruction, and for the schools, John G. Rossman, superintendent, Dr. Carl Whipple, assistant, Floyd Bathurst, principal, and James E. Springer, who will teach the course.

The session was conducted as an informal round table, with the four school men outlining the program they have in mind, which is, briefly, classwork for the juniors on Tuesday and Thursday and road work on Monday, Wednesday and Friday.

The entire group then joined in a question and discussion period, which concluded with Mr. Thomas giving a talk on the advantages of such a driver education program.

Mr. Thomas taught similar classes for five years in Bradford High School, before joining the Atlantic Company, and was qualified to make many fine suggestions for the betterment of the program.

He stated that Atlantic had determined in a special survey that 60% of the young people between the ages of 16 and 19 are being taught to drive by their parents, and the rising accident rate indicates that parents are teaching their children their own driving faults.

He also stated that in an accident check made for a Butler corporation, statistics showed 85%

## Advice Given On Veterans' Preference

Veterans' preference in the sale of new single-family residences still is required by Federal law under the Housing and Rent Act of 1947 as amended and must be observed by all who offer such property, Area Rent Director Frank S. Anderson said today.

Renting of housing accommodations except for transient occupancy, is likewise still subject to veterans' preference where such housing accommodations are in structures completed on or after June 30, 1947.

"Basically, the law requires that such new housing accommodations must be offered for sale or rent exclusively to veterans for 30 days after completion before they can be offered to anyone else," Mr. Anderson said. "There are indications that many builders and contractors are not publicly offering housing accommodations to veterans as required by law and apparently are unaware of these requirements."

"If the price is changed, on either sale or rental, veterans' preference at the new price must be shown for seven days just as it was at the original price for 30 days."

Philip W. Yager, special assistant in charge of veterans' affairs to the attorney general of the United States, has said that his office will give precedence to all cases filed on veterans' preference.

Veterans who have complaints or who need information on this program are invited to write or call the Erie County Area Rent Office at 707 Commerce Building, Erie, Pa. Telephone 22-289. Builders or contractors needing information are similarly invited.

Selling Merchandise That Won't Come Back—To Customers That Will

# You Are Invited To Our Fifty-Second

## FALL Opening

Thursday September 9  
7:30 to 9:30 P. M. Music by Orrie Beebe

FIFTY-TWO YEARS ago Metzger-Wright's held its first Fall Opening. Friends came from miles around to this event. Thursday night, after fifty-two years, friends will still be coming to see the latest fashions for themselves, their families and for their homes, as on this night no merchandise is sold. One may wander from floor to floor, from the Appliance Department in the Basement to Housewares on the Fourth, meeting old friends in the store personnel as well as greeting new ones.

ROMANTIC GREY is a new shade this season which you will see throughout the fashion floors and in the windows carried out in monotone and with such lovely other shades as bronze, Continental Green, dark and medium shades of Brown, with Wine, with Black. Once in an age a new shade is created, such as "Romantic Grey" which is so universally becoming. Be sure to see it Thursday night at our fifty-second Fall Opening.
